

Name:

Vocab Review Story!

Directions: We have learned so many vocab words this year! Write a story where you use *AS MANY* of the words as you can. The words should make sense; don't force it. Show that you know what the words mean when you use them. UNDERLINE the words when you use them, so I can see them clearly. You can use **any** words from the year! ***Whoever uses the most words correctly and in well written story will win a special prize!***

[illegible]
